DETAILED ACTION

Allowable Subject Matter

1. After further consideration, claims 1-36, 39-44, 84-86, 144-154 and 156-158 are allowed.
2. The following is an examiner's statement of reasons for allowance: The closest prior art of record was Wagner (4,903,201) in view of Denning et al ., "Baltic Freight Futures: Random Walk or Reasonable Predictability?" International Review of Economics and Finance 3(4) 399-428. Wagner discloses a computerized open outcry exchange system for transacting. Both Wagner and Denning, either isolation or as a combination, fail to disclose either transferring ownership of the corresponding service futures contract to the bidder or suggest a service futures exchange as cited in the claims and defined in applicant's specification (see McDonough, specification, page 9 and page 16, line 9+; also see applicant's remarks in response filed 10/11/2005). Thus the aforementioned claims are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
